

Care and Machine Wash/Dry Instructions

- Machine wash separately in commercial washing machine.
- **Use cold water settings on gentle cycle with design facing out.**
- Add mild non-bleach detergent.
- **Do not use or add bleach or fabric softener.**
- Line dry or hang-to-dry is recommended; if using drying machine, set cycle to very low heat and gentle tumble
- **Top load washing or drying machines are not recommended, front load machines are more efficient and for large sizes (5x7 and above) use a 3.8+ CU.FT. machines.**
- Regular vacuuming will help extend the life of your rug.
- Blot spills immediately and let dry.
- Rotate annually.
